For reaching their monthly target
enrolment in March

**ST. MICHAEL'S
UNITY HEALTH TORONTO**

For consenting their first patient in April!

SITE OF THE MONTH

Thank you

DR. DUY TRAN

LUCIE BOUTIN

ZAHRA AHMADBEIGI

You are
Stellar

CIUSSS

University of Montreal
Maisonnette-Rosemont

Dr. Tran, Lucie and Zahra have been reaching or surpassing their enrolment target every month.

This team has demonstrated how communication plays an important role in this study. In fact, the research and the pre-transplant teams work closely and efficiently together, this collaboration and mutual respect has helped the study with timely reporting of events and completion of data.

Their patients are really interested in the study and curious about the result. They are happy to be able to help with research and are well involved. This reflects with an outstanding consent rate of almost 100%.

Here is their winning strategy:

- 1- Weekly screening by reviewing the wait list patients' records and patients' pre-transplant evaluation visits
- 2- Approach the eligible active/not active patients who are on the wait-list and consent them in clinic.
- 3- If patients are not yet active, check back frequently until they are activated
- 4- Randomize!

From Left to Right:
Lucie Boutin, RC
Dr. Duy Tran, PI
Zahra Ahmadbeigi, RC

RECRUITMENT MILESTONES

PENDING

Berlin Charite - Germany
St George's Hospital - UK
University of Arizona

NOW RECRUITING
